12. **Candidature:**

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply. A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the contracting authority.

14. **Shortlist alliances prohibited:**

Any tenders received from tenderers comprising firms other than those mentioned in the shortlisted application forms will be excluded from this restricted tender procedure. Shortlisted candidates may not form alliances or subcontract to each other for the contract in question.

Selection and award criteria

21. **Selection criteria:**

Same criteria for legal and natural person.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate:

In the case of the applicant being a public body equivalent information should be provided:

1. the annual turnover of the candidate(s) for each of the past 3 years (2007, 2008, and 2009) must have exceeded 1 000 000 EUR.

2) Professional capacity of candidate:

1. at least 15 staff currently work for the applicant in the field of accreditation.

3) Technical capacity of candidate:

1. over the 36 months prior to the launch of this tender candidate(s) have successfully completed at least 1 project (project value minimum of 700 000 EUR and the proportion carried out by the candidate(s) must be at least 70 %) in the field related to this contract:

2. accreditation.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined to identify the 8 best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

the number of completed projects in the field related to this contract: accreditation.

If further re-examination is required then the following factor will be taken into consideration:

the total financial value of the completed projects as per criterion 3 above.

22. **Award criteria:**
