CONDITIONS OF PARTICIPATION

11) ELIGIBILITY

(11-1) *If programme in point 3 is NOT EDF*

Participation is open to all legal persons [participating either individually or in a grouping (consortium) of candidates] which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the contract is financed (see also item 29 below). Participation is also open to international organisations. The participation of natural persons is governed by the specific instruments applicable to the programme under which the contract is financed.

(11-1) *If programme in point 3 is EDF*

Participation in tendering is open on equal terms to natural and legal persons [participating either individually or in a grouping (consortium) of tenderers] from ACP States and Member States of the European Union and international organisations as authorised by the instrument applicable to the programme under which the contract is financed (see also item 29 below).

12) CANDIDATURE

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (ie, the leader and all other members) are jointly and severally liable to the Contracting Authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13) NUMBER OF APPLICATIONS

No more than 1 application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than 1 application, all applications in which that person has participated will be excluded.

(13-1) *If number of lots is more than 1 lot, defined in article 8.*

No restrictions may be made in the number of lots a tenderer can be awarded.

14) SHORTLIST ALLIANCES PROHIBITED

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure. Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

15) GROUNDS FOR EXCLUSION

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the Practical Guide to contract procedures for EC external actions.

16) SUB-CONTRACTING

Specify whether or not sub-contracting will be allowed and, if so, the maximum percentage of the contract value which may be sub-contracted.

(16-1) ☐ Sub-contracting is not allowed.

(16-1) ☐ Sub-contracting is allowed

- Maximum percentage of the contract value which may be sub-contracted. (16-2) %
- Activities which may be sub-contracted: (16-3)

17) NUMBER OF CANDIDATES TO BE SHORT-LISTED

On the basis of the applications received, at least 4 and at most 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the Contracting Authority may invite the candidates who satisfy the criteria to submit a tender.

SELECTION AND AWARD CRITERIA

21) SELECTION CRITERIA

The selection criteria should be clear and non-discriminatory and may not go beyond the scope of the contract.

The reference period may not go beyond the past 3 years. Consideration has to be made regarding which proof documents should be requested for the relevant selection criteria. Please remember that the selection criteria are applied to the entity/entities signing the contract and not the experts whose CVs are evaluated in the technical evaluation. See section 2.4.12 of the Practical Guide to contract procedures for EC external actions.

If appropriate for the project and subject to the principal of equal treatment separate criteria for natural persons may be published and applied.

(21-1) ☐ Same criteria for legal and natural person.

(21-1) ☐ Separate criteria for legal and natural person.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate (based on item 3 of the application form)

In case of applicant being a public body equivalent information should be provided.

The objective of this criterion is to examine whether or not the candidate (ie, the consortium as a whole, in the case of an application from a consortium):

- will not be economically dependent on the Contracting Authority in the event that the contract is awarded to it; and
- has sufficient financial stability to handle the proposed contract.

(21-2) If same criteria for legal and natural person

Examples of financial criteria:

- the average annual turnover of the candidate must exceed the annualised maximum budget of the contract (ie, the maximum budget stated in the procurement notice divided by the initial contract duration in years, where this exceeds 1 year); and
- the averages of cash and cash equivalents at the beginning and end of year are positive.

Criteria:

1.	(21-3)	
2.	(21-3)	
3.	(21-3)	

(21-2) If separate criteria for legal and natural person

Criteria:

1.	(21-5)	
2.	(21-5)	
3.	(21-5)	

2) Professional capacity of candidate (based on items 4 and 5 of the application form)

The objective of this criterion is to examine whether or not the candidate (ie, the consortium as a whole, in the case of an application from a consortium):

- has sufficient ongoing staff resources and expertise to be able to handle the proposed contract; and
- is not a so-called 'body shop', ie, a candidate with no real expertise in fields related to the contract but which simply identifies and proposes experts to fit the project description.

Note that Terms of Reference should avoid being too prescriptive, in order to discourage applications from so-called 'body shops'.

(21-6) If same criteria for legal and natural person

Examples of professional criteria:

- has a professional certificate appropriate to this contract, such as <specify>;
- at least <number related to the quantity of expertise required for this contract> staff currently work for the applicant in fields related to this contract; and

2.	(21-9)	
3.	(21-9)	

3) Technical capacity of candidate (based on items 5 and 6 of the application form)

The objective of this criterion is to examine whether or not the candidate (ie, the consortium as a whole, in the case of an application from a consortium):

- has sufficient expertise and experience to be able to handle the proposed contract

(21-10) If same criteria for legal and natural person

Examples of technical criteria:

- the candidate has worked successfully on at least < 1 / 2 / 3 > project<s> with a budget of at least that of this contract in fields related to this contract in the past 3 years

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the 8 best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:
