6. **Nature of contract:**
Fee-based.
7. **Contract description:**
Title: electricity sector legislation.
Results:
The result of the project is the preparation of draft legislation on the basis of a forthcoming legal review, an action plan (separate activities), and the complete relevant EU legislation. In addition to this, a strategic orientation of the energy sector in the field of electricity and other documents to guide further EU pre-accession assistance in the field of energy-electricity will be outputs of this assignment. Finally, the assignment will identify further and concrete needs of the beneficiary in the area of legal harmonisation of Bosnia and Herzegovina with the EU legislation, which would qualify for possible EU support in the future. Main elements of possible project support will be identified.
Indicators:
At the end of the assignment, draft legislation will be produced and forwarded to a legal working group that will include state and entity representatives. The project will produce a report which outlines recommendations for the strategic orientation. Furthermore, the assignment will propose the main elements of projects which potentially qualify for future EU support in the electricity sector and draft respective project fiches.
