

EUROPEAN UNION

Delegation of the European Union to Bosnia and Herzegovina

Clarification No. 1

Project Title: Capacity building of Bosnia and Herzegovina in European research and technology development (EU RTD) programmes

Publication reference: EuropeAid/131661/C/SER/BA

Question 1:

According to point 21.3.1: Technical capacity of candidate: "candidate(s) have successfully completed, within the previous 36 months prior to the launch of this tender, at least 2 projects in the fields related to this contract (public promotion of the EU programmes and assistance in project proposal preparation for the EU RTD programmes) with the proportion carried out by the candidate amounting to a minimum of 30 000 EUR per project".

Is it necessary that both fields are covered by 1 single project or the fields can be also covered by separate projects of at least 30 000 euro each one?

Answer 1:

It is not necessary that both required fields (public promotion of the EU programmes and assistance in project proposal preparation for the EU RTD programmes) are covered in one project. The fields can also be covered by two separate projects, with the proportion carried out by the candidate amounting to a minimum of 30 000 EUR per project.

Question 2:

The contract notice published for the above referenced project reads for criterion 23.1.1: "candidate(s) have successfully completed, within the previous 36 months prior to the launch of this tender, at least 2 projects in the fields related to this contract (public promotion of the EU programmes and assistance in project proposal preparation for the EU RTD programmes) with the proportion carried out by the candidate amounting to a minimum of 30 000 EUR per project".

Would it be possible, please, to confirm that the minimum amount for the proportion carried out by candidates in related projects is thirty thousand euros?

Answer 2:

The proportion carried out by the candidate should be a minimum 30,000 EUR per project.
