

EUROPEAN UNION

**Delegation of the European Union to Bosnia and Herzegovina**

## **Corrigendum No. 1**

**Project Title: Supply and distribution of rabies vaccination baits for autumn 2014, 2015 and spring 2016, Bosnia and Herzegovina**

**Publication reference: EuropeAid/134832/C/SUP/BA  
Tender No: EC/BiH/TEN/13/027**

The following corrections are made to Annex II + III Technical Specifications + Technical Offer:

### **The former text:**

#### **1.3 Inspection and testing**

(ii) Following delivery to interim storage facilities in Bosnia and Herzegovina and prior to distribution (by low altitude aerial drops), 5 randomly selected samples from each separate lot of each separately produced batch (as identified by the manufacturer's lot and batch numbers) of the supplies delivered shall, at the expense of the Contractor, be tested at an EU or OIE reference laboratory for rabies for

- Titre of rabies viruses,
- Bait melting temperature,
- Stability of the bait when incubated at 25°C for 5 days and
- Presence of tetracycline biomarker.

### **Shall read as new text:**

#### **1.3 Inspection and testing**

(ii) Following delivery to interim storage facilities in Bosnia and Herzegovina and prior to distribution (by low altitude aerial drops), 5 randomly selected samples from each separate lot of each separately produced batch (as identified by the manufacturer's lot and batch numbers) of the supplies delivered shall, at the expense of the Contractor, be tested at an EU or OIE reference laboratory for rabies for

- Titre of rabies viruses,
- Bait melting temperature,
- Stability of the bait when incubated at 25°C for 5 days and
- Presence of tetracycline biomarker.\*

\*An acceptable alternative for the EU or OIE reference laboratory test for this specific analysis are the tests performed in a laboratory equipped to carry out the required tests and accredited in accordance with the International Standard EN ISO/IEC 17025.
