A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (ie, the leader and all other members) are jointly and severally liable to the Contracting Authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. Number of applications

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

SELECTION AND AWARD CRITERIA

21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided.

a) Annual turnover of the candidate must exceed 1 000.000 Euro for each of the last three years.

2) Professional capacity of candidate (based on items 4 and 5 of the application form)

a) at least 5 staff currently working for the candidate(s) in the fields related to this contract (institutional and capacity building in education sector and/or strategic and policy planning in education entrepreneurial skills)

3) Technical capacity of candidate (based on items 5 and 6 of the application form)

a) the candidate has provided services under at least 2 major projects of value of at least EUR 1,000 000 each in the fields related to this contract (defined under 2.a), with the candidates proportion of a minimum 50%, implemented at any moment during the 36 month prior to submission deadline.

The candidate may refer to a part of a contract it is implementing where the contract is not yet completed, but then only the part which the candidate has provided may be used as reference and the candidate needs to be able to submit documentary evidence of this completed part(s), e.g. a statement from the Contracting Authority which ordered or purchased the service, a copy of a contract, approval of progress reports, projects deliverables, proof of payment of interim/final invoices, etc.

If a candidate/tenderer has implemented the project in a consortium, the percentage that the candidate/tenderer has successfully completed must be clear from the documentary evidence,

together with a description of the nature of the services, supplies or works provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which would have lead to breach of contract and termination by a Contracting Authority shall not be used as reference. This is also applicable concerning the previous experience of experts required under a fee-based service contract.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

- a) The number of references considered valid as per criterion 21.3a)
- b) The total financial value of the references considered valid as per criterion 21.3a)

22. Award criteria

Best value for money.
