Installation of required equipment and provision of international telephony services

Question No 1:

Are you willing to purchase an additional PRI line from operator BH Telecom?

...

Extra cost for new PRI line would be covered through our invoice reduced for the same amount of money.

Answer No 1:

According to part 1 of the Invitation to Tender:

“The European External Action Service (EEAS), represented by the Head of the Delegation to Bosnia and Herzegovina is planning to award the direct contract for the Installation of required equipment and provision of international telephony services.”

Additional contracts with third parties, resulting from this procurement procedure, are not acceptable.
