### **11. Eligibility**

Participation is open to all legal persons (participating either individually or in a grouping - consortium - of tenderers) which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the contract is financed (see item 29 below). Participation is also open to international organisations. Participation of natural persons is directly governed by the specific instruments applicable to the programme under which the contract is financed.

### **12. Candidature**

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the Contracting Authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

### **13. Number of applications**

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

### **14. Shortlist alliances prohibited**

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the Contracting Authority has been obtained (see Practical Guide – PRAG- 2.4.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

### **15. Grounds for exclusion**

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.2 of the PRAG.

## SELECTION AND AWARD CRITERIA

### 21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided.
  - a) The annual turnover of the candidate(s) for each of the two last years must be at least €1.5 Million.
- 2) **Professional capacity of candidate** (based on items 4 and 5 of the application form).
  - a) At least five permanent staff employed by the candidate(s) work currently in the fields of the contract (i.e. establishment and/or implementing Animal-by products and/or Animal waste system).
- 3) **Technical capacity of candidate** (based on items 5 and 6 of the application form). The reference period which will be taken into account will be the last three years prior submission deadline.
  - a) Over the last 36 months prior to the submission deadline, candidate(s) have worked successfully on at least one project related to the establishment and/or implementing Animal-by products and/or Animal waste system. Project value of minimum €1,000,000 and the proportion carried out by the candidate(s) must be at least 70%.

This means that the project the candidate refers to could have been started/implemented/completed at any time during the indicated period but it does not necessarily have to be started and completed during that period, nor implemented during the entire period. The candidate may refer to a part of a project where the contract is not yet completed, but then only the part which is successfully completed may be used as reference. In such cases, the

candidate must include in the presentation of the experience reference (section 6 of the tender submission form) a description of services actually completed in the requested period (list of outputs etc.) and its financial value. The candidate needs to be able to submit documentary evidence of this part's successful completion, e.g. a statement from the entity which ordered or purchased the service).

If a candidate/tenderer has implemented the project in a consortium, the percentage that the candidate/tenderer has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which caused breach of contract and termination by a Contracting Authority shall not be used as reference. This is also applicable concerning the previous experience of experts required under a fee-based service contract.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best candidates. The only factors which will be taken into consideration during this re-examination are:

- a) The number of valid references as per criterion 3(a).
- b) Total value of the proportion carried out by the candidate in projects eligible as per criterion 3(a).

## **22. Award criteria**

Best value for money.
