CONTRACT SPECIFICATIONS

6. Description of the contract

The purpose of this contract is construction of the new wing of the building used by the State Prosecutors Office located in the street Kraljice Jelene 88, 71 000 Sarajevo, Federation of Bosnia and Herzegovina, Bosnia and Herzegovina.

New building (dim 36,70m x15,30m) with ground floor and three floors sheltered sloping roof is located on the campus of the High Judicial and Prosecutorial Council of Bosnia and Herzegovina, between the existing courthouse and access roads to the southeast with one building and special police in the northeast with the other hand, within the area bounded by the aforementioned green park facilities. The new building will be connected to neighbouring buildings over ground-passage corridor and closed overhead footbridges provided through internal roads. The terrain is flat.

The building is situated as described above and need to be constructed according to prepared technical documentation simultaneously. The technical design documentation and building permits is provided to the Contracting Authority by the Ministry of Justice of Bosnia and Herzegovina in cooperation with State Prosecutors Office Sarajevo, Bosnia and Herzegovina.

It is important to stress that the works will be performed during ordinary and every-day functioning of mentioned institutions, so collaboration with the beneficiary representatives is essential.

7. Number and titles of lots

One lot only

TERMS OF PARTICIPATION

8. Eligibility and rules of origin

Participation is open to all legal persons (participating either individually or in a grouping – consortium - of tenderers) which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the contract is financed (see item 22 below). All goods supplied under this contract must originate in one or more of these countries. Participation is also open to international organisations. Participation of natural persons is directly governed by the specific instruments applicable to the programme under which the contract is financed.

9. Grounds for exclusion

Tenderers must submit a signed declaration, included in the Tender Form for a Works Contract, to the effect that they are not in any of the situations listed in point 2.3.3 of the Practical Guide.

10. Number of tenders

Tenderers may submit only one tender per lot. Tenders for parts of a lot will not be considered. Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted for more than one lot. Tenderers may not submit a tender for a variant solution in addition to their tender for the works required in the tender dossier.

11. Tender guarantee

Tenderers must provide a tender guarantee of **15 000 EUR** when submitting their tender. This guarantee will be released to unsuccessful tenderers once the tender procedure has been completed and to the successful tenderer(s) upon signature of the contract by all parties.

12. Performance guarantee

The successful tenderer will be asked to provide a performance guarantee of 10% of the amount of the contract at the signing of the contract. This guarantee must be provided together with the return of the countersigned contract no later than 30 days after the tenderer receives the contract signed by the Contracting Authority. If the selected tenderer fails to provide such a guarantee within this period, the contract will be void and a new contract may be drawn up and sent to the tenderer which has submitted the next cheapest compliant tender.

13. Information meeting and/or site visit

No information meeting and/or site visit is planned.

14. Tender validity

Tenders must remain valid for a period of 90 days after the deadline for submission of tenders.

15. Period of implementation of tasks

12 (twelve) months followed by the 12 (twelve) months of Defects Liability Period.

- a) The tenderer shall present its experience in implementation, **as a prime contractor**, of at least **1 (one)** completed construction/reconstruction/ rehabilitation works contract, of similar complexity and nature, over the last **5 (five)** years prior to the tender submission deadline.

The tenderer must present copies of the respective certificate(s) of commissioning, final acceptance certificate endorsed by the Supervisors/Contracting Authority for the projects concerned. The Contracting Authority reserves the right to ask for further information.

An economic operator may, where appropriate and for a particular contract, rely on the capacity of other entities, regardless of the legal nature of the links which it has with them. Some examples of when it may *not* be considered appropriate by the Contracting Authority are when the tenderer relies mostly on the capacity of other entities or when it relies on key criteria. If the tenderer relies on other entities, it must prove to the Contracting Authority that it will have at its disposal the resources necessary to perform the contract, for example by producing an undertaking on the part of those entities to place resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the tender should include a separate document providing data on this third entity for the relevant selection criterion. Proof of capacity must be furnished at the request of the Contracting Authority.
