TERMS OF PARTICIPATION

8. Eligibility and rules of origin

Participation is open to all legal persons (participating either individually or in a grouping – consortium - of tenderers) which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the contract is financed (see item 22 below). All goods supplied under this contract must originate in one or more of these countries. Participation is also open to international organisations. Participation of natural persons is directly governed by the specific instruments applicable to the programme under which the contract is financed.

9. Grounds for exclusion

Tenderers must submit a signed declaration, included in the Tender Form for a Supply Contract, to the effect that they are not in any of the situations listed in point 2.3.3 of the Practical Guide.

10. Number of tenders

Tenderers may submit only one tender per lot. Tenders for parts of a lot will not be considered. Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted for more than one lot. Tenderers may not submit a tender for a variant solution in addition to their tender for the supplies required in the tender dossier.

11. Tender guarantee

Tenderers must provide a tender guarantee of **5,000.00** EUR (five thousand Euro) for LOT 1; and **1,400.00** EUR (one thousand and four hundred Euro) for LOT 2 when submitting their tender. This guarantee will be released to unsuccessful tenderers once the tender procedure has been completed and to the successful tenderer(s) upon signature of the contract by all parties. This guarantee will be called upon if the tenderer does not fulfil all obligations stated in its tender.

12. Performance guarantee

The successful tenderer will be asked to provide a performance guarantee of **10%** of the amount of the contract at the signing of the contract. This guarantee must be provided together with the return of the countersigned contract no later than 30 days after the tenderer receives the contract signed by the Contracting Authority. If the selected tenderer fails to provide such a guarantee within this period, the contract will be void and a new contract may be drawn up and sent to the tenderer which has submitted the next cheapest compliant tender.

No information meeting is planned

Tenders must remain valid for a period of 90 days after the deadline for submission of tenders.

15. Period of implementation of tasks

SELECTION AND AWARD CRITERIA

16. Selection criteria

The following selection criteria will be applied to tenderers. In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) Economic and financial capacity of tenderer (based on i.a. item 3 of the Tender Form for a Supply Contract). In case of tenderer being a public body, equivalent information should be provided.
 - (a) The average annual turnover of the tenderer for the last 3 years must exceed the 50% the total aggregated value of its financial proposal for the lots offered.
- 2) Professional capacity of tenderer (based on i.a. items 4 and 5 of the Tender Form for a Supply Contract)
 - (a) The tenderer has a minimum of two (2) staff employed on a permanent basis in the field related to this contract.
- 3) Technical capacity of tenderer (based on i.a. items 5 and 6 of the Tender Form for a Supply Contract):
 - (a) At least one contract for each Lot offered, in the related field of the Lot and with the budget of at least its financial proposal for the given Lot, within the last 36 months before the submission deadline.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them.

Some examples of when it may *not* be considered appropriate by the Contracting Authority are when the tenderer rely in majority on the capacities of other entities or when they rely on key criteria. If the tenderer rely on other entities it must prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be furnished when requested by the Contracting Authority.
