# OBRAZLOZENJE PROJEKTA

## 1. SOCIOEKONOMSKI UTICAJ

Predmetna lokacija je rizična površina koja se nalazi uz put Prusac Koscani. Predmetna lokacija prije rata se koristila za ispasu stoke, manjim dijelom za poljoprivredu i obradu zemljišta. Uz predmetnu lokaciju prolazi put koji spaja naselja Livopoljci Vasici, prema Jandricima i Djuricima. U neposrednoj blizini predmetne lokacije nalazi se lovacki dom koji se koristi od strane lovaca i planinara. Otklanjanjem minske opasnosti sa predmetne lokacije stvorilo bi se sigurno okruzenje za ljude koji se bave ispasom stoke na platou Koscani, za lovce, planinare i izletnike koji posjecuju lovacki dom. Takodjer bi se omogucila sigurna eksploatacija sume i snabdijevanje ogrevnim drvetom lokalnog stanovnistva.

Broj neposredno ugrozenih osoba i povremenih korisnika:	<b>150</b>
Broj korisnika nakon realizacije projekta:	<b>300</b>

## PROJECT DESCRIPTION

---

### 1. SOCIOECONOMIC IMPACT:

The subject location is a risk area along the road Prusac-Koscani. Before the war, the subject location had been used as pasture, and in a smaller part for agriculture and land cultivation. Along the subject location runs a road connecting settlements Livopoljci Vasici, towards Jadrinice and Djurici. In the immediate vicinity of the subject location is a hunting house that is used by hunters and mountaineers. Removal of mine threat from the subject location would provide safe environment for people bringing their cattle to pastures on the plateau Koscani, for hunters, mountaineers and visitors coming to the hunting house. Also, it would enable safe exploitation of wood and provision of local population with firewood.

Number of directly impacted persons and occasional users: **150**

Number of users after project implementation: **300**

### 2. PRIORITISATION:

#### THREAT LEVEL
