QUESTION no. 1:

“The candidate has provided services under at least one contract with a budget of at least EUR 500 000 in the area of technical assistance for upgrading of ICT systems, new application solutions or similar, which was implemented at any moment during the reference period.”

Can you please clarify whether the specified amount of at least 500.000 EUR refers to the overall client project/ program budget or the amount of the contract (or contract share if implemented in consortium or subcontracting arrangement) implemented by the candidate within the client’s project/program?

ANSWER no. 1:

The budget of EUR 500 000 refers to the overall budget of the referenced contract, not to the portion carried out/implemented by the candidate.
