Please note that the awarding of the contract is subject to the condition of the prior conclusion of a financing agreement, which does not modify the elements of the procurement procedure (this will be the case, for instance, if the budget initially foreseen is different or if the timeframe, the nature or the condition of the implementation are altered). If the precedent condition is not met, the contracting authority will either abandon the procurement or cancel the award procedure without the candidates or tenderers being entitled to claim any compensation.

5. Candidature

All eligible natural and legal persons (as per item 4 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been

constituted informally for a specific tender procedure. All partners of a consortium (i.e., the leader and all other partners) are jointly and severally liable to the contracting authority.

The participation of an ineligible natural or legal person will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

6. Number of applications or tenders

No more than one application or tender can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or partner of a consortium submitting an application/tender). In the event that a natural or legal person submits more than one application or tender, all applications or tenders in which that person has participated will be excluded.

In case of lots, the candidates or tenderers may submit only one application or tender per lot. Contracts will be awarded lot by lot and each lot will form a separate contract.

7. Shortlist alliances prohibited

Any tenders received from tenderers having a different composition than the ones mentioned in the short-listed application forms will be excluded from this restricted tender procedure, unless prior approval from the contracting authority has been obtained – see practical guide 2.6.3. Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

8. Grounds for exclusion

Candidates or tenderers must submit a signed declaration, included in the application form or tender form, to the effect that they are not in any of the situations listed in Section 2.6.10.1. of the **practical guide (PRAG)**.

Candidates or tenderers included in the lists of EU restrictive measures (see Section 2.4. of the PRAG) at the moment of the award decision cannot be awarded the contract.

9. Sub-contracting

Sub-contracting is allowed.

10. Number of candidates to be short-listed

On the basis of the applications received, between 4 and 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the contracting authority may invite the candidates who satisfy the criteria to submit a tender. If the number of eligible candidates meeting the selection criteria is more than the maximum allowed, the contracting authority will rank them using the re-examination criteria stated below.

11. Provisional date of invitation to tender

October 2020

12. Provisional commencement date of the contract

February 2021

13. Period of implementation of tasks

36months

SELECTION AND AWARD CRITERIA

14. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole if not specified otherwise. The selection criteria will not be applied to natural persons and single-

member companies when they are sub-contractors.

The selection criteria for each tenderer are as follows:

- 1) **Economic and financial capacity of candidate** (based on item 3 of the application form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three financial years for which accounts have been closed.
 - a) the average annual turnover of the candidate for the reference period mentioned above must exceed EUR 700 000.
- 2) **Professional capacity of candidate** (based on items 4 and 5 of the application form). The reference period which will be taken into account will be the last three years preceding the submission deadline.
 - a) at least 3 permanent staff employed by the candidate work in the fields related to this contract (intellectual property rights)
- 3) **Technical capacity of candidate** (based on items 5 and 6 of the application form). The reference period which will be taken into account will be the last three years preceding the submission deadline.
 - a) The candidate has provided services under at least one contract with a budget of at least EUR 1 000 000, in the area of intellectual property rights and which was implemented at any moment during the reference period: 26.10.2017 – 26.10.2020. In case a candidate has implemented the above contract in a consortium, the percentage that the candidate carried out must be at least 70% and only the portion carried out by the candidate will be taken into consideration.

This means that the contract the candidate refers to could have been started at any time during the indicated period but it does not necessarily have to be completed during that period, nor implemented during the entire period. Candidates are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. Only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (statement or certificate from the entity which awarded the contract, proof of payment) also detailing its value. If a candidate has implemented the project in a consortium, the percentage that the candidate has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which caused breach of contract and termination by a contracting authority shall not be used as reference.

Capacity-providing entities

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. Furthermore, the data for this third entity for the relevant selection criterion should be included in a separate document. Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are

required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined in order to rank their applications and identify the 8 best applications for the tender procedure. The only additional comparative criteria that which will be taken into consideration during this re-examination, in the order in which they appear below, are:

- 1) the highest number of service contracts that meet criterion 21.3;
- 2) the highest cumulated value of all the service contracts that meet criterion 21.3.

N.B.: additional comparative criterion No 1 shall be applied to all the eligible candidates that meet the selection criteria. If, after applying additional comparative criterion No 1, it is not possible to identify the 8 best candidates because two or more candidates are tied for the 8th position, additional comparative criterion No 2 shall be applied only to these tied candidates.

15. Award criteria

Best price-quality ratio.

Such notification shall be deemed to have been received on the date upon which the contracting authority sends it to the electronic address referred to in the application form.

18. Deadline for submission of applications

The candidate's attention is drawn to the fact that there are two different systems for sending applications: one is by post or private mail service, the other is by hand delivery.

In the first case, the application must be sent before the date and time limit for submission, as evidenced by the postmark or deposit slip¹, but in the second case it is the acknowledgment of receipt given at the time of the delivery of the application that will serve as proof.

The deadline for submission of applications can be found in the Contract Notice under IV.2.2.

Any application sent to the contracting authority after this deadline will not be considered.

The contracting authority may, for reasons of administrative efficiency, reject any application submitted on time but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report, if accepting applications that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.

19. Clarifications on the contract notice

Clarifications may be sought from the contracting authority at the following email address DELEGATION-BOSNIA-AND-HERZEGOVINA-PROCUREMENT@EEAS.EUROPA.EU at the latest 21 days before the deadline for submission of applications stated at section **IV.2.2) of the contract notice**.

20. Alteration or withdrawal of applications

Applicants may alter or withdraw their applications by written notification prior to the deadline for submission of applications. No applications may be altered after this deadline.

Any such notification of alteration or withdrawal shall be prepared and submitted in accordance with precedent item. The outer envelope (and the relevant inner envelope if used) must be marked 'Alteration' or 'Withdrawal' as appropriate.
