#### **Question 1:**

On page 9 of the guidelines for grant applicants, you mention:

- Research institutions and/or technological parks.

On page 10 of the guidelines for grant applicants, you mention:

- In case a Lead applicant is a University established in Bosnia and Herzegovina, at least one co-applicant must be a University established in an EU Member State or in the UK.

Is it possible to apply as a NGO/association (for the role of a co-applicant) with a research focus?

#### **Answer 1:**

The Guidelines foresees Universities as lead applicants with the possibility for Ministries, Research Institutions and/or Technological Parks as co-applicants.

A Research Institution and/or a Technological park registered as an NGO may be eligible.
